

Nesconset Chamber of Commerce

August 30, 2022 @ 12:00 Noon

Akropolis Greek Restaurant

127 Smithtown Blvd Nesconset, NY 11767

PSEG Long Island Business Customer Advocates (BCA) Mission Statement

Empower local business owners by providing access to safe, affordable, reliable and cleaner energy. Educational, in-person outreach, supporting energy savings, community initiatives and enhancing the sustainability of small to medium-sized businesses across Long Island and the Rockaways.

Investing in your business. Investing in the community.

Our business services include:

- **Smart Meters** that provide you with new insights into your energy use
- **Energy Efficiency Programs** to save energy and reduce expenses
- Online account services including **My Account, My Alerts and My Business Energy**
- **Chamber of Commerce and Business Improvement District grants:** Spring and summer is a time for renewal and PSEG Long Island has renewed our commitment to supporting outdoor dining and commerce. As you begin or continue to develop outdoor commercial spaces, you may qualify for a PSEG Long Island grant of up to \$5,000 to reimburse the purchase of materials including, but not limited to:
 - Barricades and/or planter style barricades
 - Clothing racks
 - Durable safety materials
 - Limited amount of signage in support of outdoor dining/commerce, specifically to support and encourage participation in business openings. Signage funding is limited to 20% of total grant up to \$1,000
 - Outdoor seating, tables, patio heaters and lighting

- **Main Street Revitalization Program:** The Main Street Revitalization Program is designed to encourage economic vitality of a business district and to optimize the use of existing electric infrastructure. This program offers financial incentive awards for projects in a local business district that are expected to improve the economic stability and growth of a municipality.

Eligible projects may include:

- Interior renovations
 - Façade improvements
 - Streetscape improvements
- **Business District Beautification:** In addition to our grants in support of outdoor commerce, PSEG Long Island is proud to offer grants for beautification projects in local business districts. We are offering grants to reimburse outdoor beautification costs of up to \$3,500 for Chambers of Commerce, Business Improvement Districts (BID) and Civic Associations with a 501(c)(3) or 501(c)(6) designation.
 - **Vacant Space Revival Program:** Once approved for the Vacant Space Revival Program by PSEG Long Island, incentives will be provided for twelve (12) months and will be applied to the new business account as bill credits. Credits will be applied monthly, based on the start date of electric service or a mutually agreed upon future start date. Incentives will be front-loaded, and decline over the first year of service in order for the Applicant to acclimate to standard rates. Incentives will be determined and provided as follows:

Time Frame	Incentive Award
Bill periods 1 – 3	100% of energy delivery charges based on the initial three billing periods
Bill periods 4 – 6	75% of energy delivery charges based on the previous period's billing
Bill periods 7 – 9	50% of energy delivery charges based on the previous period's billing
Bill periods 10 – 12	25% of energy delivery charges based on the previous period's billing
